

Station Pro

Clover is our new innovative point of sale system that can add real value to your business. Each device is powered by cloud-based software and app-led functionality. These allow you to accept payments, track sales, monitor staff performance and build the insights you need to work smarter and grow for the future.

Clover Station Pro makes it easier than ever to streamline your business. The extremely powerful system has many enhanced features to help you get more tasks done and enable you to have more time to focus on running the other parts of your business.

From managing inventory or orders to tracking sales and securely accepting the latest payments, Clover Station Pro won't let you down. And it doesn't stop there...with over 30 pre-installed apps you can quickly get complex business tasks sorted or find the tools you need in the Clover App Market.
