

# NetPay

## SPg7 Wi-Fi / GPRS Terminal

The perfect solution for secure wireless payments.

The SPg7 provides retailers with a competitive solution that meets their operational constraints. Ideal for taking payment in; bars, restaurants and stadiums.

- ABC Easy to use**  
Colour screen and intuitive keyboard
- Feature-rich**  
Satisfying all payment types
-  **Reliable and Robust**  
Designed to meet the demands of a mobile environment
-  **Development toolkit**  
Open platform (Linux) with flexibility for third parties to develop POS applications
-  **Safe and Secure Payment**  
Certified to the industry's highest security standards
-  **Contactless**  
Integrated contactless and NFC as standard

## Specification

## SPg7 Countertop

Processor	32-bit, 266MHz high performance secure ARMM CPU, and optional 400MHz   Sleep mode
Memory	128MB Flash   64MB DDRAM
Communication	Wireless: GPRS quad band (850/900/1800/1900MHz)   3G   Wi-Fi 802.11b/g/n, WAP2 enabled Wired: USB   Ethernet   1 x RS232 SIM: 1 standard SIM slot   Dual SIM configuration option
SAM (Security Access Module)	2 conforming to ISO7816
Card Readers	Smart Card: ISO7816 1.8V, 3V, 5V synchronous and asynchronous T=0- and T=1 Magstripe: ISO1/2/3 track bi-directional swipe high coercivity Contactless: ISO 1443 Type A/B   NFC
Display	Graphic: Colour 320x240 pixel   TFT-LCD 2.4"   LED backlight
Keyboard	12 alphanumeric keys   3 navigation keys   3 function keys   On/Off key
Thermal Printer	High speed thermal   Graphic   34 lines/second   Barcode printing 40mm diameter paper roll
Power Supply	Plugtop AC: 100-240v, 50/60Hz   Charging dock
Battery	2200mAh lithium-ion battery   Typically 400-500 transactions per full battery charge
Dimensions	178mm (L) x 78mm (W) x 60mm (H)
Customisation	On screen
Environment	Operating temperature 0 to +50°C   Storage temperature -20 to +70°C Drop and shock resistant
Certifications	PCI PTS 4.x   EMV level 1 & 2   EMV level 1 contactless   MasterCard PayPass Visa PayWave   American Express ExpressPay   CE   RoHS   TQM
